

Price guide

What we prepare, what it costs and what is included

Every price below is for documents prepared for your business from our Victorian templates and the information you give us. Your written quote confirms the price for your job.

Included in every price

- Your business name, ABN, logo and contact details on every page
- A watermarked draft for you to review with your workers
- Two rounds of changes
- Final documents in Word and PDF, yours to use and edit for your own business
- Our two client guides: which documents your job needs, and how to use them
- No GST (we are not registered for GST)

A 50% deposit starts the work and the balance is paid before final documents are released. Drafts are usually ready within 3 business days of your deposit and job details.

Price list

Item	What you get	Price
SAFE WORK METHOD STATEMENTS (SWMS)		
Job-specific SWMS	One SWMS for one trade activity on a named site and builder. Includes your job steps, hazards and controls, the high risk work checklist, PPE, plant and licences, emergency details, a worker sign-on page and a review record.	\$200
SWMS bundle	Three job-specific SWMS for different activities, ordered together. Each extra SWMS in the same order is \$140. The same activity on another site is a re-issue (\$90).	\$550
SWMS re-issue for a new site	A SWMS we have already prepared for you, updated for a new site, builder and date.	\$90
SITE FORMS		
Site forms set	All nine forms set up with your business details, ready to print or fill in on screen: Site Induction Record, Toolbox Talk Record, Plant & Equipment Pre-Start Checklist, Hazard Report, Incident & Near Miss Report, SWMS Register & Review Log, Hazardous Chemicals Register, Crystalline Silica Hazard Control Statement (blank) and Subcontractor Compliance Checklist.	\$240
Single site form	Any one of the nine forms above.	\$40
Crystalline Silica Hazard Control Statement, job-specific	The statement filled in for a named task and site from the information you give us, the same way as a SWMS.	\$120
PLANS, POLICIES AND TRAINING		
OHS Management Plan	How your business manages safety overall: responsibilities, inductions, training, incidents, subcontractors and review.	\$350
Safety Policies & Procedures	Your OHS policy and supporting procedures, ready to sign and show to workers and builders.	\$250

Site Induction Handbook	One consistent induction for new workers and subcontractors.	\$200
Toolbox Talks	Ready-to-run talk topics to use with your Toolbox Talk Record.	\$120
EVERYTHING TOGETHER		
Full safety document pack	A SWMS bundle (three SWMS), the site forms set, OHS Management Plan, Safety Policies & Procedures, Site Induction Handbook and Toolbox Talks, with a capability statement pack for your business included at no extra charge. The priced items alone come to \$1,710 bought separately. Each extra SWMS is \$140.	\$1,295
KEEPING DOCUMENTS UP TO DATE		
SWMS update, same site	A SWMS we prepared, updated with the changes you send us after the final has been issued: after your review, a change in the work, or builder comments.	\$60
Yearly refresh, one document	One plan, policy set, handbook or toolbox talks, or a capability statement pack we prepared for you, updated with your changes, new certificates and a new version number and date.	\$90
Yearly refresh, full set	OHS Management Plan, Safety Policies & Procedures, Site Induction Handbook, Toolbox Talks, the site forms set and your capability statement pack if we prepared one, updated together. One at a time these come to as much as \$450.	\$290
EXTRAS		
Rush turnaround	Drafts within 24 to 48 hours of your deposit and job details. Per order, subject to availability.	+\$75
Extra round of changes	A third or later round of changes to a draft, per document. Agreed with you before the work is done.	\$60
OTHER DOCUMENT SUPPORT		
Something not on this list	Need a document that is not listed here? A capability statement, a prequalification or onboarding form, tender schedules, a register, a procedure, a letter or a template: tell us what it is, who has asked for it and when you need it. We let you know whether we can help, with a fixed price and a timeframe, before anything starts. There is nothing to pay until you accept the quote. Prepared from your information; you confirm it is correct.	Quoted

A SWMS does not include the site forms. A job-specific SWMS has its own sign-on page and review record, but the Toolbox Talk Record, Site Induction Record and the other site forms are separate. If your builder wants both, add the site forms set once and reuse it on every job.

Prices are current at October 2026 and may change. Work is carried out under our Terms of Engagement. You review your documents, consult your workers, and approve and sign them before they are used.

Every document, and which package it comes in

The 27 documents in our packages are listed here. "Included" means it is part of that package price with nothing more to pay. A dash means it is not part of that package and can be added at its own price.

Document	On its own	SWMS bundle \$550	Site forms set \$240	Full pack \$1,295
SAFE WORK METHOD STATEMENTS: 13 TRADES				
Job-specific SWMS: Fencing · Landscaping · Concreting · Concrete Cutting & Coring · Carpentry & Framing · Roofing & Guttering · Plasterboard & Ceilings · Painting · Tiling & Waterproofing · Bricklaying & Blocklaying · Excavation & Trenching · Strip-out & Minor Demolition · Plumbing & Drainage	\$200 each	3 SWMS +\$140 each extra	–	3 SWMS +\$140 each extra
SITE FORMS: 9 FORMS				
Site Induction Record	\$40	–	Included	Included
Toolbox Talk Record	\$40	–	Included	Included
Plant & Equipment Pre-Start Checklist	\$40	–	Included	Included
Hazard Report	\$40	–	Included	Included
Incident & Near Miss Report	\$40	–	Included	Included
SWMS Register & Review Log	\$40	–	Included	Included
Hazardous Chemicals Register	\$40	–	Included	Included
Crystalline Silica Hazard Control Statement (blank form)	\$40	–	Included	Included
Subcontractor Compliance Checklist	\$40	–	Included	Included
PLANS, POLICIES AND TRAINING: 4 DOCUMENTS				
OHS Management Plan	\$350	–	–	Included
Safety Policies & Procedures	\$250	–	–	Included
Site Induction Handbook	\$200	–	–	Included
Toolbox Talks	\$120	–	–	Included
OTHER DOCUMENT SUPPORT				
Capability statement pack: capability statement, prequalification answer sheet and document register	Quoted	–	–	Included
Any other document you need help with: ask and we will quote it	Quoted	–	–	–
SERVICES PRICED SEPARATELY (NOT PART OF ANY PACKAGE)				
Crystalline Silica Hazard Control Statement filled in for a named task and site	\$120	–	–	–
SWMS re-issue for a new site	\$90	–	–	–
SWMS update, same site	\$60	–	–	–
Yearly refresh: one document \$90, or the full set	\$290	–	–	–
Rush turnaround, per order	+\$75	–	–	–

Every SWMS has its own worker sign-on page and review record built in. A trade or activity not listed can still be quoted: tell us the work and we will confirm the price first.

What is and is not included

No charge

- Your quote
- Our Terms of Engagement
- The job details form you fill in
- The two client guides
- Two rounds of changes on every document

Not part of our service

- Site visits or inspections
- Advice on whether a control is adequate or what the law requires for your job
- Signing or approving your documents
- Tender pricing or commercial decisions
- Licences, tickets, training or insurance

Optional monthly plans

For businesses that want the documents we prepared kept up to date without asking for a quote each time. Plans are optional: you never need one to buy a document or a one-off update.

What you get	Yearly Refresh plan \$29 a month	Job-to-Job plan \$129 a month
Made for	Businesses whose plan, policies and company documents are asked for by builders	Crews moving from site to site that need a SWMS ready for each one
Yearly refresh, full set	Included, once a year	10% off (\$261)
Capability statement pack we prepared, updated when an insurance certificate or licence renews	Included	10% off (\$81)
SWMS re-issue for a new site, or SWMS update	1 a year included then 10% off	2 each month included
Rush turnaround	10% off	No charge on the included re-issues
Review checklist sent to you, to prompt your own review	Every 6 months	Every 3 months
Reminder before an insurance or licence date you have given us	Included	Included
New documents, including a new SWMS	10% off, 15% after 12 months	10% off, 15% after 12 months
Term	12 months at a time	3 months minimum, then monthly

Both plans together: \$149 a month. Yearly Refresh: \$348 a year for work that is \$560 one-off (example K).

How the plans work

- Plans cover documents KK Tradie Docs has prepared for your business.
- Paid monthly in advance by card. There is no deposit.
- An included re-issue is for a SWMS we have already prepared. A different activity is a new SWMS at the plan price (\$180). Unused re-issues do not carry over.
- You still do the review. A plan covers the paperwork: updating, re-dating and re-issuing from what you tell us. Site visits, audits and advice are not part of any plan.
- Reminders are a courtesy. Keeping insurances and licences current stays with you.

Example quotes

A to H are new documents, I and J are one-off updates, K and L show the two monthly plans. Anything that is not on the price list is quoted for you on request.

A One SWMS for one job

SWMS – Fencing, one site \$200

Total \$200

Deposit + balance \$100 + \$100

A fencer whose builder wants a SWMS before starting.

B Same job, needed this week
